

# WEDDING PACKAGES 2024

We are excited that you interested in a tipi wedding in this beautiful part of Somerset!

We offer one, two or three day weddings on the weekends, and a one day mid-week wedding. Our standard quotes for these are on the next page.

Our venue now is complete with on-site glamping accommodation for you and your wedding guests.

Clients organise their own catering with our one of our five in-house recommended caterers along with our bar company, all based locally. All our caterers have years of experience of making the wedding build up and the day itself run smoothly with while serving their delicious dishes.

We have local florists who have worked on our site since the beginning and can create stunning bespoke flower arrangements for your wedding.

We would recommend a site visit, please contact us to arrange!
